COURSEWORK

Full Stack Web Engineering
Selfmade Ninja Academy | September 2023

Responsive Web Design
freeCodeCamp.org | January 2022

LANGUAGES

English (Proficient)
Tamil (Proficient)

PROJECTS

Cloud Labs
Sep 2023 - Dec 2023

- Developed a Virtual Private Cloud Platform that could help students and professionals help improve their skills and master the art of development and programming.
- Developed managed services such as MySQL, Adminer etc. to effortlessly help users develop applications and host them.
- Built a Virtual Private Network (VPN), with which users can connect their devices and get access to their server instances and managed services.
- Tech Stack: LAMP (PHP)

Students ERP Portal
Dec 2022 - Feb 2023

- Developed a Students ERP Portal that could help institutions manage their students data.
- It includes multiple features such as attendance tracking, publishing exam results, chat systems, notifications etc.
- It also helps management to keep track of staffs details.
- Tech Stack: LAMP (PHP)

WORK EXPERIENCE

Web Developer Intern
Selfmade Ninja Academy
Feb 2024 - Present | On-site

- Spearheaded front-end and back-end development tasks for a cloud-based educational platform, facilitating programming education for school and college students.
- Implemented efficient Git workflows, including utilizing development servers and seamlessly pushing code to production, while honing professional-grade version control practices.

Web Development Tutor
Nativeva Learning
Jan 2023 - Feb 2023 | Remote

- Worked as a Tutor for Teaching PHP and MySQL, and some of the development concepts through online classes.
- It helped me understand the concepts well, and gave me a chance to interact with students and to help them learn the basics of development.

ACHIEVEMENTS

HackOverflow 3.0 Hackathon
Rajalakshmi Engineering College
November 2023

- Won a runner-up position with a cash prize of ₹10,000 at HackOverflow v3.0 Hackathon Conducted by Rajalakshmi Engineering College, Chennai.
- We developed an innovative AI-driven fitness game seamlessly blending exercise and engaging game elements to enhance user motivation and overall well-being.
